

CRC-8/2: Working paper on preparing internal proposals and decision guidance documents for severely hazardous pesticide formulations

The Chemical Review Committee,

Recalling that at its seventh meeting it established an intersessional working group with the mandate to develop further the working paper on preparing internal proposals and decision guidance documents for severely hazardous pesticide formulations,¹

Having considered the amended working paper produced by the intersessional working group,²

Acknowledging that the provisions of the Convention are the final point of reference for the Committee,

Decides to use the amended working paper on the understanding that it is a living document to be further developed in the future on the basis of additional experience.
